

## **2008 Women's Forum Notice**

**New Date: Friday, October 17, 2008**

We have received very favorable comments from alumnae across the country about the excellent Women's Forum program and also heard about their disappointment at not being able to attend at this very busy time of year. Given the important feedback about the program, theme, panelists and timing, we have decided to postpone the Women's Forum until October 17<sup>th</sup>. Making the Women's Forum an important part of Law Reunion Weekend should also make it easier for many more alumnae to attend, participate, celebrate and network while honoring this year's alumnae award winners.

We sincerely apologize for any inconvenience this may cause and hope that you will be able to join us in October.
