

CONNECT YOUR PC USING VGA OR HDMI

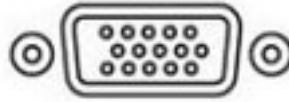

Group study room connection kit required
Available for checkout at the Circulation Desk

If your laptop has VGA or HDMI ports, use the matching cable and connect it to the panel on the wall below the display.

Connect the optional audio cable if you need sound with a VGA connection.

VGA

HDMI

Use the Samsung remote to turn on the display.

Press the **Source** button and then use the arrows to select:
HDMI 1 for VGA connections or
HDMI 3 for HDMI.

WIRELESSLY CONNECT YOUR APPLE DEVICE

Group study room connection kit required
Available for checkout at the Circulation Desk

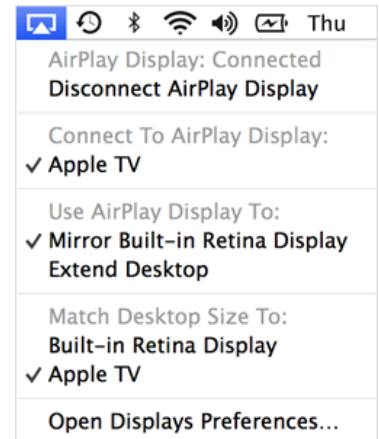

If your laptop or iOS device supports AirPlay, you can connect to the display using Apple TV.

iOS

OS X

Use the Samsung remote to turn on the display.

Press the **Source** button and then use the arrows to select **HDMI 2**.

Use the Apple remote to control the Apple TV
