

Student Bar Association
House of Delegates Meeting
March 22, 2009

9 p.m. Roll Call & Food.

9:05-9:20 p.m. Announcements.

1. President: Accomplishments of past year, thank yous.

Leon: Introducing how the meetings work (announcements, committee meetings and resolutions). We've had a lot of successes—outline bank, alumni bank is up and running, food and fitness, student organization network, and lots more. Want to thank a lot of people, E-board and delegates. I hope the future e-board does a good job of constructive criticism.

2. VPs: Day & Evening

Sam: No comments yet!

Kevin: Enjoyed the experience, had a lot of fun meeting people, making friendships. Viviana is the new evening VP. The one project I'd like to see accomplished is changing the 2nd street parking spots moved.

3. Secretary

Thank you. Patrick is doing well.

4. Treasurer

Miguel: Would like to commend Leon's haircut—makes him look really hot and skinny in a healthy way. It's been great, ups and down, really rewarding 2 years as treasurer and as much as I complain, it's going to leave a gaping hole in my life. I can't thank everyone on my committee enough—they did so much more than they expected (for the sole reason of improving their resumes)—laughter—I will always remember that. Thank you to Leon and the board. Gucci needs people on her committee.

5. Committees: e.g. Special Events.

Elena: If you can talk up Barrister's Ball, especially to 1Ls. I know you have the writing thing you have to do, but it's very lame to miss it the first week you have for it at 10pm. It's very important for 1Ls to come in. Come buy tickets from 330 to 7pm. I need people to sign up to help sell tickets. The details are Sequoia, great weather, etc.

6. Any additional Announcements.

Kathryn: I was not as good as I may have been, but I tried my best and I think we did a good job.

Leon: But you organized a lot of things, and I hope Sam will continue them.

Nadia: Marketplace is open to 730 until Thursday—we're trying to make it permanent so please go then!

Matt: We've been working on improving registrar services—we've made progress but it's ongoing. My committee has been instrumental. 75% of students want semester by semester registration, and we're working on that. I want to thank lifers (Matt, Kathryn, Ebony, Sherli, Leon and Miguel).
9:20 p.m. - 9:45pm. Resolutions.

1. Proposed Resolution 0822 - Commendations for 2008-2009 for faculty, administrators, and staff.

Leon: These are the people we are commending (professors, faculty and administrators). Tons of people sent me names that I included on this.

John: I will speak against the resolution because of the inclusion of the registrar. I still had problems with them—my section had sent them an email on final exam scheduling and the response was that 1Ls are not responsible enough to do it despite 2 members of faculty supporting us.

Question: Is this done every year.

Kathryn: I am going to speak about all the professors on the list and Dean Bailin and Aleinikoff.

Matt: I want to speak on behalf of the office of OSL, Dana especially before she was able to get staff. I definitely think the work they have done has been priceless.

Kevin: Can we add Sherman Cohn—best evening professor. Real asset to the university.

Resolution including Cohn: 18 FOR, 1 AGAINST, 0 ABSTAIN

2. Proposed Resolution 0823 - Commendations for SBA Elections Committee of 2008-2009.

Sam: Resolution to commend the Elections committee for running 2 very smooth elections this year.

Matt: How did you make sure there were not any runoffs?

Ryan: Hand that to the candidates.

Close debate.

Vote: 28 FOR, 0 AGAINST, 2 ABSTAIN

Motion to Adjourn Recognized.

Passing of the Gavel to SBA Executive Board of 2009-2010.

Joshua: Round of applause for everyone who did a great job last year.

Nadia: Move to adjourn.
