Please read the following acknowledgement and sign this form.

Veterans' educational benefits are administered by the US Department of Veterans Affairs ("VA"). The Office of the Registrar uses the information provided and other information from your student record in order to verify your enrollment for purposes with the VA. This is required for processing and your submission of this form serves as authorization for the release of this information. Educational verifications processed by the Office of the Registrar do not entitle students to Yellow Ribbon Program benefits. Those benefits must be separately requested via the Yellow Ribbon Program at the Law Center. In addition, for certification purposes, courses taken must be required for your degree and satisfactory progress is expected. Withdrawing from courses, after enrollment has been certified to the VA may reduce payment eligibility. Generally, overpayments of VA benefits are the responsibility of the student. Generally, courses taken without credit, audited, or not attended may be ineligible for certification. Furthermore, courses that meet for less than a full fall or spring semester may qualify for benefits payment at a rate less than those lasting for a full semester, this includes summer courses. Questions regarding benefits eligibility and payment must be directed to the VA at 1-888-GI-Bill-1.
