Spring 2019 Waiver Form

Don't let an unforeseen illness or accident prevent you from completing your education.

Every year thousands of college students are forced to withdraw from classes due to sickness or injury. The accompanying loss of tuition payments can undermine a family's educational budget.

For more than 80 years, the Dewar Tuition Refund Plan has assisted students to continue their education by providing refund benefits when illnesses or injuries prevented them from completing a term.

Please note that students are automatically enrolled in this insurance program and will be billed for the premium charge unless a waiver of benefits is completed.

Those who wish to waive the coverage, please complete the waiver form on this page. By submitting this form, you are waiving your entitlement to any coverage offered by the Tuition Refund Plan and you will not be responsible for the cost to participate.

The charge for the Plan will be removed from the student account following the completion of the online waiver process. Please allow 5-7 working days for the fee to be removed from your account.

The deadline for waiving is:
February 04, 2019
