

TRANSLATION OF THE
GEORGETOWN UNIVERSITY DIPLOMA

*The President and Faculty of Georgetown College
To all who see this document, Greetings in the Lord!*

Since it is only fitting for those who have distinguished themselves by their talent and learning to be honored with some token of this distinction that is both merited and by which their learning may be acknowledged:

We, thus, through the authority delegated to us by the Government of the United States, want all to know that _____ (name) has been selected by the Faculty of _____ (school) after the recommendation and approval of the faculty in solemn convocation, for admission to the Degree of _____, and should be granted each and every right and privilege related to that Degree.

So that it may be noted by all, we have signed this document by our own hands and sealed it with the official insignia of our University.
