Group Fitness Class Descriptions

BODYPUMP™, is the original LES MILLS™ barbell class. This class uses low weight loads and high repetition movements to burn fat, gain strength and quickly produce lean body muscle conditioning.

BURN is a high-intensity interval training class that ignites your metabolism to BURN calories! Strength and cardio training are used to improve your agility, strength and endurance. Be ready to be challenged, and see results.

BODYFLOW® is a yoga-based class that incorporates elements of Tai Chi and Pilates. You'll strengthen your entire body and leave the class feeling calm and centered.

GRIT is a 30-minute high-intensity interval training workout. GRIT comes in 3 formats: **ATHLETIC**: designed to make you perform like an athlete, **CARDIO**: increases your speed and maximizes calorie burn. **STRENGTH**: designed to improve strength and build lean muscle.

SH'BAM is a fun-loving, insanely addictive dance workout. No dance experience required. All you need is a playful attitude and a cheeky smile so forget being a wallflower – even if you walk in thinking you can't, you'll walk out knowing you can!

BODYCOMBAT is a martial-arts inspired workout. It is totally non-contact and there are no complex moves to master. A LES MILLS™ instructor will challenge you to up the intensity and motivate you to make the most of every round. You'll release stress, have a blast and feel like a champ.

RPM™ is a group indoor cycling workout where you control the intensity. It's fun and low impact. Your instructor will lead you through hill climbs, sprints and flat riding. In an RPM workout you repeatedly spin the pedals to reach your cardio peak then ease back down, keeping pace with the pack to lift your personal performance and boost your cardio fitness.

POP **PILATES**

Pop Pilates takes classical Pilates to the next level by challenging students to rhythmically flow from one exercise to the next, developing a rock-solid core and leaving no muscle untouched. It is a **mat-based fusion of ab-chiseling and total body defining moves choreographed** to your favorite Top 40 hits

YOGA: Yoga includes postures that improve alignment, flexibility, strength and balance. Technique areas covered include Hatha yoga basics and Vinyasa Flow which links a series of postures together with breath for relaxation.

Open Virtual: Open Virtual means you can pick whatever VIRTUAL class you like on our VIRTUAL player. We offer Sh'Bam, Bodycombat, Bodypump, Bodyflow, GRIT, RPM and CORE on our VIRTUAL player.
